## MEDICATION ADMINISTRATION LOG

For students requiring medication to be administered at school

This log should be completed by the staff member administering medication to any student at the school.

| Name of student: Year I | evel: |

|      |      |                     |                     |                       |  |                  |          |  |  |  |
|      |      |                     |                     |                       |  |                  |          |  |  |  |
|      |      |                     |                     |                       |  |                  |          |  |  |  |
|      |      |                     |                     |                       |  |                  |          |  |  |  |
|      |      |                     |                     |                       |  |                  |          |  |  |  |
|      |      |                     |                     |                       |  |                  |          |  |  |  |
|      |      |                     |                     |                       |  |                  |          |  |  |  |
|      |      |                     |                     |                       |  |                  |          |  |  |  |
|      |      |                     |                     |                       |  |                  |          |  |  |  |
|      |      |                     |                     |                       |  |                  |          |  |  |  |

<sup>\*</sup>Cross-checking: It is recognised that in many school settings medication is administered using a system of two staff members checking that medication is correctly administered. This is an appropriate added safety measure and is seen as good practice.
